

# **ZONE 29 - East Side of the River**

## **ZONE CAPTAIN INFO**

### **14th Annual Basura Bash, 2008**

#### **Your Responsibilities:**

1. Act as a source of information for people in your zone.
2. Carry a mobile phone for communication with the command center at Mission County Park. Contact the Park in the event of an emergency, if you need more trash bags, or if you need assistance removing large objects at **(210) 534-8833**.
3. **Ensure that trash bags are taken to the Waste Management Collection Station. All trash bags must be transferred directly to the pickup truck or to the Waste Management Collection Station (described below). Recyclables are to be placed in blue bags.**
4. Ensure that each volunteer in your group is provided with a copy of the Safety Awareness sheet attached to the initial registration packet and that the volunteers follow safe practices such as wearing long pants, shirts, gloves and staying out of the water.

#### **Zone Boundaries:**

Upstream - Espada low water crossing

Downstream - Ashley Rd

**Parking and Access To Your Zone:** You can park along most of the Zone. But you may find it most convenient to park at about the mid-point of the Zone where you'll find public restrooms on the east side of Mission Parkway.

**Your Garbage Gobbler Collection Stations:** At the Espada low water crossing and at Ashley Rd. Look for the bamboo flagpoles. **\*\*ALL TRASH BAGS MUST BE PLACED IN THE COLLECTION STATION AND TIGHTLY TIED\*\***.

**Pickup Support:** A single pickup will be providing support to Zone 29. The pickup will be driving up and down the accessible portions of the Riverbank allowing volunteers to place filled trash bags and other objects in the pickup. The driver will assist with the collection of large objects. The pickup will have extra trash bags, drinking water, and a first aid kit.

The pickup driver will have radio communication with Mission County Park. If you need to contact your pickup driver, call the command center at 872-8859 on your mobile phone; the dispatcher will transfer your message to the driver.

**Training Session/T-shirt Pickup:** Please be prepared to arrive at Mission County Park with the signatures of your volunteers. At that time, you will be given the number of t-shirts you need and a quick training of the safety issues. You will take the t-shirts back to your zone where you will meet your group, pass out shirts, and go over the safety issues. **Arrive early enough to do all of this and meet your group at your zone before they start.**
